DETAILED ACTION

Supplemental Allowance

1. This communication is in response to the Remand by the Board of Patents Appeals dated 19 August 2002 and Letter of 4/02/07. Claims 1-48 are pending in this application.

Allowable Subject Matter

2. Claims 1-48 are allowed for the reasons stated herein below.
3. The following is an Examiner's statement of reasons for allowance: Applicants' invention is closely related to previous work in the field of performing a database search on a distributed computer system.

Williams, Jr. (US 6,108,686) has a distributed computer system with a first computer and a second computer remote from the first computer, a search agent, search criteria, and a database accessible to users but fails to suggest the databases comprising information of a plurality of entities including the at least one entity which comprises less than all of the plurality of entities and performing by the search agent a search based on at least one search criterion on only the information of at least one entity in at least one database. Evaggelia Pitoura and Bharat Bhargava has heterogeneous mobile databases in a distributed environment with multiple agents, but fails to suggest the databases comprising information of a plurality of entities including the at least one entity which comprises less than all of the plurality of entities and performing by the search agent a search based on at least one search criterion on only the information of at least one entity in at least one database.
